

I. Report Focus

A. Introduction

1. Biorepositories

- Biorepository Operations

- Biospecimen Security And Storage

- Worldwide Biorepositories

- Voucher Specimens Linked By Sequence Data Records

- Institutional/Non-institutional Acronyms And Collection Codes

- Conservation Of Biorepositories And Associated Databases

- Biorepositories From Recent Cancer Prevention Trials

- Dna Biobanks With Automated Dna Extraction And Normalization

- Dna Elution And Normalization

2. Biospecimens

- Biospecimens In Cancer Research

- Biospecimens - The Legacy Plan

- Decades Old Specimens May Be Today's Research Treasures

3. Biorepositories For Long-term Preservation And Future Analysis

- Biospecimen Sample Collection And Preparation

- Considerations For Long-term Sample Storage

- Polices For Sample Storage

- Information Management And Audit Trails

- Biorepository Capabilities

- Cold Chain Logistics

- Conclusion

4. Overview Of The Privacy Rule's Impact On Repositories And Databases

- Alteration Of The Authorization Requirement By An Irb Or Privacy Board

- Other Privacy Rule Requirements

- Minimum Necessary Standard

- Right To An Accounting Of Disclosures

5. Major Prospects For Biorepositories In The Future

- The Key Impact Of Biorepositories In Its Applications

- Biggest Challenges And Opportunities In Biorepositories

- Biggest Challenges

- Biggest Opportunities

- Present Challenges Of Biobanking: Bioethical And Property Issues

- Added Value Of Biobanks For Health: An Evolutionary Perspective

- Future Challenges

- Conclusions

B. A Review On Bio "banks"

- Relevance Of Biobanks In Scientific Research

- Biobanks Types

- Population-based Biobanks

- Public Biobanking

- Around The World And Within The Usa

- The Public Population Project In Genomics (P3g)

- The Need Of Modern Biobanks

- Benefits
- Biobanking Costs
- Procedure Of Estimating The Biobanking Cost
- Factors Influencing Biobanks Prices
- Cost Structure
- Institutional
- Government
- Access
- Market Forces
- Different Types Of Actors Involved In Biobanks
- Biorepository Services
- 1. Biobanking Benefits
 - Conclusion
- 2. Current Role Of Biobanking In Medical Environment
 - A Case For Outsourcing
 - A Biomaterial Storage Provider
 - Cold-chain Management, Tracking And Monitoring
 - Biorepository Costs
 - Sample Integrity
 - The Future Of Biorepositories
 - The Value Of Biological Specimens And Medical Information For Medical Research
- 3. The Role Of Biospecimens For Discovery Of A Targeted Cancer Therapy
- 4. A Review On Biomarkers In Biobanking
 - Role Of Bio-banks In Biomarker-related Research
 - Consensus Guidelines For Csf Biobanking And Blood Biobanking For Cns Biomarker Studies
 - Collection Process
 - Storage Process
 - Samples Administration Process
 - Maintenance Of Patient Information Database
 - Conclusion
 - Brain/Tissue/Biobanks (Btb) Banks For Biomarkers In Neurological Disorders
 - Biomarkers In Clinical Use - Therapeutic Area - Global
- 5. A Review On Global Biobanking
 - Research Biobanking In The Global Context: Pros And Cons
- 5.1. North America
 - Biobanking In The Usa
 - Stem Cell Banks
 - List Of Studies Using Blood Specimens / Dna Research Banks In The Us
 - Tissue Bank/Blood Bank Resources
 - Regulatory Aspects
 - Ethics Discussion
 - Biobanking In Canada
 - Regulatory Aspects
 - Ethics Discussion
 - Blood Specimens And Dna Research Banks

5.2. Europe

Introduction
Impact Of Population Surveys And Biobanking
Health Potential
Socio-economic Potential
Industry Potential
Legal, Political And Social Potential
European Strengths
International Context
Key Challenges Of European Biobanking
Funding
Recommendations For European Biobanking And Population Surveying
Goal
Scope
Legal And Ethical Framework For Collaborative Biobanking Across Europe
Extent Of Biobanking In Europe
Challenges In Improving Biobanking
Technological Challenges
Data Comparability And Standardization (It & Bioinformatics)
Legal, Regulatory And Ethical Requirements
Privacy Protection And Security Issues
Role Of Ethics Review Boards
Networking Among “smaller” Biobanks

III. Industry Overview

A. Biorepositories And Global Networking

Biobanking Trends, Challenges And Opportunities

Biobanks: Transnational, European And Global Networks

Wiping Out Chronic Disease May Add 10% To South Asia Gdp

B. Human Genetic Biobanks: Politics Of Trust And Scientific Advancement

C. Key Points In Biobanking Includes: Development, Collection, Informatics, Regulatory, Legal And Ethical Issues

D. Workshop On Common Standards For Biobanks And Biospecimen Research

E. Stem Cells Biobanking - A Rapid Growing Market

Stem Cells - Market Trends

Stem Cell Treatments Give New Expectation

Donor Stem Cell Research May Repair Heart Damage

Anti-aging Industry Goes For Stem Cell Therapy

Stem Cell Treatment To Cure Diabetes

Hottest Developments In Stem Cells Treatments

Stem Cell Progress Being Hit By Traditionalist

III. Industry Overview

96. Stem Cells Companies In Different Countries With Their Year Of Establishment, Accreditation And Stem Cells Banking Storage Price Structure

97. Stem Cells Banking Storage Price Structure Around The World

98. Stem Cells Companies In Different Countries With Their Number Of Transplants

99. Worldwide Cord Blood Banks Growth Rate (%) For 2009 And 2010

100. Japan Cord Blood Bank Network Collected Units, 2009

101. Global Stem Cells Biobanking Forecasts By Type - (2009-2015, In Usd\$ Million)

102. List Of Applications For Stem Cell Transplantation

103. Bone Marrow Donations, Peripheral Blood Stem Cell Donations And Cord Blood Units Across 21 Countries (2007 - 2008 - 2009)

104. Worldwide Active Cord Blood Banks With Their Accreditation & Cbb's Inventory Units

105. Global List Of Key Players In Biorepositories / Biobanking Industry

106. Affymetrix, Inc.: Breakdown Of Total Sales By Geography, R&D Expenses And Product Sales - (2010-2009-2008, In Usd Thousand)

107. Beckman Coulter: Breakdown Of Total Revenue By Segment/Category (2009 And 2008, In Usd Million)

108. Beckman Coulter: Breakdown Of Total Revenue By Geographic Region - (2009 And 2008, In Usd Million)

109. Beckman Coulter: Instrument Sales - (2009-2008-2007-2006-2005, In Usd Million)

110. Caliper Life Sciences, Inc.: Breakdown Of Revenues By Segment - (2009 And 2010, In Usd Thousand)

111. Caliper Life Sciences, Inc.: Research And Development Expenses - (2010-2009-2008, In Usd Million)

112. Caliper Life Sciences, Inc.: Breakdown Of Revenues By Geography - (2010-2009-2008, In Usd Thousand)

113. Cephalon, Inc.: Total Revenues & Research And Development Costs - (2008 And 2009, In Usd Million)

114. Cephalon, Inc.: Sales By Product In Usa & Europe - (2008 And 2009, Usd Thousand)

115. Chart Industries, Inc.: Breakdown Of Net Sales By Industry Segments - (2010-2009-2008, In Usd Million)

116. Gilead Sciences, Inc.: Breakdown Of Net Sales By Geographic Area - (2010-2009-2008, In Usd Thousand)

117. Gilead Sciences, Inc.: Breakdown Of Product Sales By Segment - (2010-2009-2008, In Usd Thousand)

118. Gilead Sciences, Inc.: Major Marketed Product Patents Expiration In United States And Europe

119. Gilead Sciences, Inc.: Breakdown Of Major R&D Expenses By Component - (2010-2009-2008, In Usd Thousand)

120. Mylan, Inc.: Total Revenues & Research And Development Expenses - (2008 And 2009, In Usd Thousand)
121. Mylan, Inc.: Product Rights And Licenses Value By Therapeutic Area - (2008 And 2009, In Usd Thousand)
122. Mylan, Inc.: Breakdown Of Net Revenues By Therapeutic Area - (2008 And 2009, In Usd Thousand)
