

Table of Contents

Executive summary

Emerging markets overview

China

India

Brazil

Russia

Chapter 1 Introduction

What is this report about?

Methodology

Chapter 2 Emerging markets overview

Summary

Introduction

Classification of emerging markets

Impact of middle-class growth in BRIC

BRIC versus global competition

BRIC as an export destination

Export barriers for international device companies

High growth device segments in emerging countries

Effect of FCPA on the global medical device market

Chapter 3 China

Summary

Introduction

Regulation

SFDA device classification

SFDA device review procedure

Review of China's GCP policy

Import device testing policy

Adverse event reporting

Time frame for new product approval

Regulatory challenges facing manufacturers

Challenges

Extended tendering process

Price control for medical equipment

High-end technology restrictions

Intellectual property (IP) issues and Renminbi appreciation deter foreign entrants

High patient-contribution costs are a barrier to affordable healthcare

Other medical device market challenges

Market drivers

Greater healthcare demands due to ageing population

New healthcare stimulus plan triggers low-end markets effectively

Healthcare environment in China

Role of primary healthcare providers

Purchasing process

Direct purchasing

Bidding
Medical equipment purchase protocol
Reimbursements
Original equipment outsourcing to China
Overview of healthcare reform
Growth opportunities
Growth analysis of the Chinese medical device market
High-end medical equipment adoption
Foreign financing for medical equipment purchase
Impact and uncertainties of Chinese healthcare reform
Economic growth
Increased share of healthcare expenditure with regard to GDP
Healthcare insurance
Healthcare privatization
Market entry road map
Distribution channels
Marketing laws in China
Underdeveloped issues in Chinese healthcare
Prominent companies in the Chinese medical equipment market
Growth outlook

Chapter 4 India

Summary
Introduction
Regulation
Medical device regulation lobbying in India
Recently updated regulations
Challenges
Tariff increases on certain high-end products
Differences in public and private healthcare services
High usage rates of medical equipment
Market drivers
Rising middle-class and ageing population
Macroeconomic impact
Medical tourism
Health insurance
Healthcare environment in India
Health insurance in India
Medical equipment utility and pricing
Growth opportunities
Growth analysis of the Indian medical device market
High growth medical device segment

Chapter 5 Brazil

Summary
Introduction
Regulation
Challenges and drivers

Healthcare Environment
Home-health services
Growth opportunities
Growth analyses of the Brazilian medical device market
Macroeconomic factors influencing growth
International relations
Market direction - 2010 and beyond
Brazil's cancer treatment initiatives

Chapter 6 Russia

Summary
Introduction
Regulation
Product validation and certification
Challenges and drivers
Healthcare environment
Growth opportunities
Growth analysis of the Russian medical device market

Chapter 7 Other emerging medical device markets

Mexico
Turkey
Chile
Argentina
Vietnam
Appendix
Glossary

Table of figures
